

Defender ULTRA L

The Unstoppable Force of the Construction Site - Giant 120 mm Channels
SKU: 86110

PROTEGMA

Commercial Partner Defender / Adam Hall Group

DESCRIPTION

Defender ULTRA L is the ultimate solution for construction sites with the most extreme conditions. Designed specifically for excavators, cranes, concrete mixers and other heavy machinery, it provides 2 oversized channels (120x110 mm) capable of housing large-diameter industrial hoses. At 13.9 cm height, it creates a solid bridge under which cables and hoses are fully protected even under high-clearance vehicles. Resistant to oils, acids and petrol.

KEY FEATURES

- 2 giant channels: 120x110 mm for large industrial hoses
- Height 13.9 cm - protection under high-clearance machinery
- Massive black recyclable high-density TPU body
- Yellow anti-slip warning lid
- Oil, acid and petrol resistant

TECHNICAL SPECIFICATIONS

Dimensions	77 x 69.6 x 13.9 cm
Max. Load	5 t / 25x30 cm
Weight	34.0 kg
Material	Recyclable HD TPU

Channels	2 (120x110 mm)
Lid	Yellow anti-slip
Height	13.9 cm
Use	Extreme Heavy-Duty

SECTORS

Excavators & Cranes, Concrete Mixers, Heavy Construction Machinery, Industrial Infrastructure, Extreme Sites, Oil & Gas

IDEAL APPLICATIONS

Protection of large industrial hoses on extreme construction sites with excavators, cranes and heavy infrastructure machinery
